s.r.l.
CREENS AND FILTERS

EUROSAF s.r.l.

Derivati vergella, filtri e tessuti industriali

Draht, industrielle Filter und Gewebe

By-products of wire rod, filters and industrial fabrics

Eurosaf s.r.l. è un' azienda specializzata nella produzione di tessuti metallici e sintetici costruiti con fili in acciaio inox, acciaio al carbonio, bronzo, ottone, poliestere, polietilene. L'utilizzo di sofisticati telai garantisce un alto standard qualitativo e la possibilità di fornire tele in varie larghezze da 40 mm. a 12000 mm.

Tessuti in strisce.
Gewebe in Streifen. / Fabric strips.

Tessuti sintetici.
Synthetische Gewebe. / Synthetic fabrics.

Tessuti in rotoli.
Gewebe in Rollen. / Fabric rolls.

Eurosaf GmbH ist ein in der Erzeugung von metallischen und synthetischen Stoffen aus Edelstahl, Kohlenstoffstahl, Bronze, Kupfer, Polyester und Polyethylen spezialisiertes Unternehmen. Die Verwendung von hochentwickelten Webstühlen garantiert einen hohen qualitativen Standard und die Möglichkeit, Gewebe von verschiedenen Breiten von 40 mm bis 12000 mm zu erzeugen.

Eurosaf s.r.l. is a company specialized in the production of metal and synthetic fabrics made with stainless steel wires, carbon steel, bronze, brass, polyester, polyethylene. The use of sophisticated looms guarantees a high quality standard and the possibility to supply fabrics with different widths from 40mm to 12000mm.

Eurosaf realizza elementi filtranti anche a disegno per risolvere le diverse necessità di filtrazione nei seguenti settori:

- Lavorazione e Rigenerazione materie plastiche
- Produzione colla
- Produzione adesivi
- Depurazione acqua
- Filtrazione fanghi
- Industria cartaria
- Concerie
- Alimentare

Elementi filtranti eseguiti con taglio laser.
Filtrierende Elemente ausgeführt mit Laser-Schnitt.
Filtering components produced using laser cutting systems.

Eurosaf realisiert
 Filtrierelemente auch
 nach Plan, um Lösungen
 für Filtrierung in
 verschiedenen Sektoren
 zu schaffen:

Eurosaf produces
 filtering components
 also made to order, to
 meet the different
 filtering needs of the
 following sectors:

Cartucce filtranti, micro filtri. / *Filtereinsätze, Mikrofilter.* / *Filter cartridges, microfilters.*

- Verarbeitung und Wiederverwertung von Plastikmaterial
- Klebstofferzeugung
- Aufkleber-Erzeugung
- Wasserreinigung
- Schlammfiltrierung
- Papierindustrie
- Gerbereien
- Lebensmittelbereich
- Production and reconditioning of plastic materials
- Production of glue
- Production of adhesives
- Water purification
- Mud filtration
- Paper industry
- Tannery
- Food sector

Filtri speciali. / *Spezialfilter.* / *Special filters.*

Dischi filtranti con bordatura in alluminio e/o acciaio inox. / *Filtrierscheiben mit Rand aus Aluminium und/oder Edelstahl.* / *Filter disks with aluminium and/or stainless steel flange.*
